The annual outing of the Andover playgrounds will be held this year on Tuesday, July 17 at Canobie Lake Park, New Hampshire.

This year's outing is being anticipated with greater anticipation than usual since last year's outing was called off because of the polio threat. With all of Andover's school children now inoculated with Salk vaccine, there is little threat from this source at the present time.

Andover has been sponsoring playground outings for a couple of decades and they are fixed features of the summer playground schedule. This year, the children will assemble at the five playgrounds and buses will leave at 10:15 a.m. The buses will drive to Shawshen square and form into a caravan from where the trip to the New Hampshire resort will be made. The return will be in late afternoon.

State Allocates \$98,000 To Town

In the distribution of tax receipts by the Commonwealth to the state's 351 cities and towns which has been certified by Tax Commissioner John J. Dane, Jr., the sum of \$98,052 has been designated for Andover from the total of \$34,000,000. This will be entered on the town's books as receipts and will go into available funds for the conduct of Andover's business.

An additional distribution will be made sometime later in the year because of an increase in actual revenue over anticipated income, according to Commissioner Dane.

Silva Appointed By Selectmen

Arthur Silva of Chandler rd. was named an assistant electrical inspector at Monday evening's meeting of the board of selectmen. At that time head wiring inspector Alexander Ritchie reported that 43 permits for electrical work were issued in June, 15 of them for new homes and the remainder for alterations.

March Vote On Manager Plan

The question of whether or not Andover will adopt a town manager form of government will be voted on at the annual town election in March. The legislative committee on towns which held a hearing on the matter in Andover a few weeks ago has reported the bill favorably to be voted on by residents of the town when they go to the polls to select their town officials.

Proponents of the plan were in favor of having the question on the ballot in November when the presidential election is held. However, the committee ruled that it would be a matter for the town election in March and so recommended to the General Court.

Pomp's Water Is Pure Grade 'A'

Reassuring news for bathers and the parents of bathers at Pomp's pond was received at the board of health office here on Tuesday. The report was from the state department of public health and concerned analysis of samples of water from the bathing beach.

The samples were taken from the pond last Thursday and submitted for testing. The report stated that the water was free of impurities and was "excellent for bathing purposes." The bathing beach has been visited by thousands during the warm days of June and of early July and health officials expressed pleasure that the water has been found so pure by state authorities.

At the present time, there are approximately 400 children in the beginners' swimming classes at the town bathing beach. The regular instructors are being assisted by volunteers who aid in introducing the children to the water and to the fundamentals of swimming. The classes are held each morning from 10 to 11 a.m. from Monday through Friday. Among the volunteers who are assisting are: Dorothy Tisbert, Jessie Lois Gill, Mrs. Thomas Johnson, Ruth Lawrie, Mrs. James Dodge, Mrs. Fred Barrett, Mrs. Tisbert, Mrs. Walter Ringen, Mrs. Beasley, Mrs. John Spire, Helen Rouselle, Dorothy Wennerberg, Grace Hayes, Kim O'Brien, Hazel E. Mulligan, Suzanne Carr, Pauline Goodno, Irene Jones and Charlotte Hamel.

Award of contracts for the purchase of oil and gasoline were made Monday evening by the board of selectmen for the various town departments.

The B.L. McDonald Coal Co. was awarded the contract for 6100 barrels of No. 5 oil on its bid of 13.9 cents per barrel above the Boston tank car price at the time of delivery. The Dalrymple Oil Co. bid 14.99; Cross Coal Co. 20.58 and the C.P. Woodworth Co., .013 cents per gallon above the Boston tank car price.

A contract for the purchase of approximately 75,000 gallons of No. 2 oil was awarded to the Dalrymple Oil Co. on its bid of .0068 cents per gallon above the Boston tank car price. Other bids received were from the B.L. McDonald Coal Co., .00749; Cyr Oil Co., .0088; Cross Coal Co., .01; and the C.P. Woodworth Co., .013.

Range oil will be purchased from the Dalrymple Oil Co. at .0098 above the Boston tank car price. Other bidders on 4000 gal- (Continued on Page 15)

Offer To Lease Space To Police

A committee from St. Matthew's Lodge, A.F. and A.M. appeared at Monday evening's meeting of the board of selectmen and offered to rent a section of their Elm street home for use as a police station.

The committee pointed out that the lodge would only rent office space, and would not allow the placing of police cells in the building.

At the present time, Andover is without a lock-up. The renovations now taking place in the town building caused the cells to be removed. In the event of need, prisoners are taken to the Lawrence police station.

When the town house changes have been completed, the Chief of Police will have an office in the rear which was formerly taken up as a cell room. The board of selectmen on Monday evening expressed thanks to the Masonic group and took the matter under advisement.

Mrs. Kiernan In 'Powder Derby'

An Andover woman will be among the contestants in the Tenth Annual All-Women Transcontinental Air Race from San Mateo, Cal., to Flint, Mich., which starts Saturday. Mrs. Barbara Kiernan, West Knoll rd. will be making her second bid for honors in the "Powder Puff Derby." She will fly her own Navon B plane and will have as her co-pilot Mrs. Pauline Glasson of Corpus Christi, Tex.

Mrs. Kiernan began flying at Lawrence airport in 1952 and has logged some 600 hours in the air. Her co-pilot has 8000 hours of flying time. Mrs. Kiernan is now in California awaiting the start of the race which is scheduled to end on Tuesday.

Appreciation

Boy Scout Troop 76, Scoutmaster James Butler and committee men wish to extend their sincere appreciation to Ernest Edwards on his presentation of a beautiful wall tent to the Troop.

Boy Scout Trip

Boy Scout Troop 76 enjoyed a trip to Mt. Monadnock in Jaffrey, N.H. over the past weekend, leaving Friday afternoon and returning Sunday.

Scouts attending were: Allen Taylor, William Butler, David Townsend, James Smeltzer, David Lawrie, Craig Warner, Wayne Moore, Carl Finley, Kent Warner, Harlan Moore, Robert Read and Donald Brouck; Scoutmaster James Butler and Committee men Samuel Moore, Albert Warner, Robert Read and Alco Taylor accompanied the boys.

During this trip all scouts climbed Mt. Monadnock, along the White Dot Trail, accompanied by Scoutmaster James Butler and Albert Warner.

In the afternoon they enjoyed swimming in Thorndike Pond at Camp Wauchoke in nearby Dublin, N.H. as invited guests of Wachusett Council of Boy Scouts. Camping merit badges were

earned by Craig Warner, Wayne Moore and James Smeltzer. Second class Boy Scout badges were earned by Allen Taylor, Robert Read and Kent Warner.

Birthday Party

An enjoyable birthday party was held at the home of Mr. and Mrs. Franklin Haggerty of Andover st. in honor of the eleventh birthday of their daughter Joan.

A beautiful birthday cake with lighted candles was an attraction and the celebrant received many lovely gifts.

Games were played and out-of-door dancing enjoyed. Refreshments were served by Mrs. Franklin Haggerty and Mrs. J. W. Mundy.

Those attending were: Dianne Maruzzi, Virginia Hall, Nancy Hall, Virginia Neunzer, Patricia Butler, Linda MacCausland, Sandra Webb, Judith Lynch, Meriby Sweet, Jean Murnane, Donald Brouck, Danny Dunn, Richard Sheaff, Ralph Flynn, James Smeltzer, Kent Warner, Allen Taylor, Robert Read, David Machon, Charles Holt, William Butler, Jerilyn Haggerty, Nancy Haggerty, Joan Haggerty, Robert Haggerty, Mrs. J. W. Mundy, and Mr. and Mrs. Franklin Haggerty.

Discharge

Matthew J. Stovall has been honorably discharged from U.S. Army after spending 8½ years in the service. Most of his time was spent overseas in Japan, Formosa and Korea. He received the Purple Heart, Good Conduct medal, Combat Infantry Badge, Presidential Unit Citation and Korean medal.

He is married to the former Dorothy Evans of Ballardvale and now resides on River st., Ballardvale.

Golden Age Circle

The regular meeting of the Golden Age Circle was held at the home of Mrs. Frank Ward, Dale st., with Mrs. Myra Ward co-hostess. All but associate members were present. Mrs. Harry Nason had charge of the devotions. A birthday celebration was also held in honor of the birthday of Mrs. Edna Laffin. The birthday song was sung and an added attraction was the beautiful birthday cake made by Mrs. Frank Ward. The circle made plans to attend the reunion of all Golden Age Circles of Massachusetts to be held in August in Leominster. A social hour was enjoyed. Frank Ward was the chef for the occasion and served delicious hamburgers, coffee and the birthday cake was cut. The next meeting will be held Monday afternoon, July 9, at the home of Mrs. Emma Moss, Andover st. Those present were: Mrs. Harry Nason, Mrs. Anna Hess, Mrs. Myra Ward, Mrs. Frank Ward, Mrs. Ella Hanson, Mrs. Edna Humphrey, Mrs. Ernest Rollins, Mrs. Millie Hammond, Mrs. Emma Moss, Mrs. Edna Laffin and Frank Ward.

A Rosy Future

About everyone, including top level scientists cannot help but be amazed at the advance in technological achievement during the past decade or more. Indications are that only the surface has been scratched. More and more research centers are being opened across the land. Personnel to staff them are in demand.

This is good news to the college graduates who completed their education in June. Unlike their predecessors of a generation ago, they don't have to go out hunting for a job; positions are waiting for them.

According to one survey, an estimated 12 to 15 positions are available this year for every graduate of an engineering school. This is the profession in which there is the greatest need for brains to probe the amazing technological future. However, everyone isn't an engineer and there are other fields in which the demand for skilled professional help is great.

For every teacher turned out this year there are eight to ten jobs available, according to the survey. Business trainees are needed in the ratio of five to six jobs each. Liberal arts degree holders can select from three or four available openings.

Salaries are higher, too. Starting pay is up \$20 to \$25 a month above last year which up to that time had been considered a record maker. Engineers are drawing the fattest offers, ranging from \$350 to \$550 a month to start. Of course men are getting the best offers, the tops for women is shown to be about \$300 a month.

Cap and gown college graduates of only a few years ago were pictured as about to face a harsh world in which many of their dreams would fade. Competition was tough; employers demanding.

The wonders of the electronic age have changed all that. The 1956 college trained individual can look ahead to fantastic developments, high standards of living and with much more leisure time. Never was the future more rosy for the June graduate who is being welcomed with open arms.

Play It Safe

The swimming season is just beginning, but already tragedy has struck in the immediate area. The loss of a boy's life is mourned by his family, his classmates and the entire community.

Every parent should take the time to instruct youngsters of the need for caution when enjoying aquatic recreation. Lifeguards are stationed at public bathing beaches to safeguard human life. They are trained in their work and their instructions should be obeyed to the letter.

Like police officers, they are guardians of public safety. They are there to help, not to hamper. Look up to them. Obey them. Play it safe!

New Regulations On Blood Donors

In order to clarify a change in the Massachusetts Department of Public Health regulations concerning blood donors listed as "F.F.O." or for fraction only, Andover chapter, Red Cross reviewed the specifications this week. The next visit of the Red Cross Bloodmobile to Andover is July 20, from 1 to 7 p.m., at the South church.

Persons with histories of either jaundice or malaria will continue to be rejected. Persons who "resided in an area where malaria was common, either by chance or due to taking suppressive drugs, may be accepted following two years' freedom from exposure" provided no manifestations of the disease have been evident during the time.

Red Cross officials explain that "for fraction only" means that such blood cannot be given in whole blood transfusions. It is broken down into its component parts in the laboratory and the useful parts are used for purposes other than whole blood transfusions.

Christmas Seal Group Meeting

The annual Spring meeting of the Andover Christmas Seal committee was held last month at the home of the chairman, Mrs. Harold Haley. Mrs. Barbara Flagg of Beverly, executive director of the Essex County Health Association attended the meeting. She reported that Andover's 1955 sales were up 10.4 per cent above those of 1954. Plans are already being made for the coming campaign. The next meeting will be held in September at Beverly when the local group will devote time to its file maintenance work.

94th Division To Entrain Sunday

A number of Andover youths will be among the 3000 reservists of the 94th Bay State Infantry Division who will entrain Saturday from various cities in the Commonwealth arriving Sunday at Camp Drum, N.Y., to start their annual 15-day tour of summer training.

Commanded by Major General Ralph A. Palladino of Winchester, the 94th will move out at dawn July 9th to begin an intensive two weeks training in attack and defense problems.

The 94th was recently commended for its work during Operation Raindrop at Camp Kilmer, N.J., where it paced the assault of First Army Reserve units in an atomic warfare exercise and will devote a large share of the summer training session to continuing its preparation for adequate defense of the Commonwealth in event of nuclear warfare.

Down the Years with The Townsman

50 Years Ago - July 1906

The last of the old Commons buildings which have been closely linked with Phillips Academy will be torn down during the summer vacation period. The land which they occupied for 100 years is to be cleared to make way for future construction. Oliver Wendell Holmes was among the Phillips students who occupied rooms in the Commons. School officials desired to do away with the antiquated structures as soon as quarters for their occupants could be secured. This was done through the cooperation of the seminary authorities.

John Joyce and Fred Curran sailed from Boston for an extended tour of Europe. They plan to spend considerable time in Paris.

Alexander Ritchie of Andover was elected captain of the Lawrence Canoe Club at a special meeting of the organization called to pick a successor to Captain Roope who resigned to enter the railway mail service.

District Attorney Joseph A. Dennison of Suffolk County, a former Andover boy, visited here and was greeted by many of his old friends and acquaintances.

James Perkins of Andover has purchased a Berkshire boar from the Hood Farm, Lowell. The animal is a blue ribbon winner.

Seventeen Ballardvale residents enjoyed a deep sea fish-trip and landed some 400 pounds of fish. The largest catch was a 14 pound pollock brought in by Gardner Shattuck.

25 Years Ago - July 1931

Andover's property owners are to be assessed for the first time this year on the basis of a scientific revaluation of the town which has been in progress for the past five years. It was carried out at an expenditure of \$15,000 and covers the more densely populated areas of the town. The system involves the keeping of a card file on which details of all property are recorded. Taxpayers may inspect the files to find out the basis of their tax charge, and may also observe several large maps which have been produced.

Work on the new Route 28 bypass from South Main street to the Salem Turnpike in North Andover is nearing completion. Wet weather for the past few days held up the laying of asphalt. State engineers say the work will be completed in about two weeks and the road will be opened to traffic which will by-pass the center of Andover.

John A. Robertson, chief lifeguard at Pomp's pond reports that swimming classes have been held up because of the wet and cold weather. Classes are held Monday, Wednesday and Friday at 2:30 p.m.

When the weathervane on the 165 foot steeple of the South church was taken down for the

first time in eleven years for painting, it was found that some expert marksman had put a rifle bullet through the thin arm supporting the vane. The accuracy amazed police and workmen.

Police Chief Frank M. Smith announced that the traffic lights at Main and Chestnut streets had been readjusted because of complaints from motorists. Many travelling on Chestnut street said they had the red light for only ten seconds, while those on Main street were allowed a full minute.

Andover's selectmen joined in a protest over the delay of reconstruction of Route 28 from Andover Academy to Reading. The town expended \$8000 for new hydrant installations in anticipation the road would be constructed as planned. State house hearing is scheduled to air reasons for the delay.

10 Years Ago - July 1946

A \$35,000 sewer extension project, voted at the annual town meeting, has been held up by the state department of corporations and taxation. The state bureau pointed out to the selectmen that the town voted to borrow the money on a five year note. Towns in the Commonwealth are required to do such work on a "pay as you go" basis. The decision did not work much hardship, however, as materials for the sewer extensions are hard to obtain because of wartime shortages. Progressing according to schedule is an extensive \$135,000 program of water extensions, including installation of new 12 and 16 inch mains. This project is being aided by the post-war rehabilitation fund and will insure greater pressure in several areas of the town.

A fifth playground, West Center, was added to the town's recreational areas as the outdoor season opened. Residents of West Parish raised more than \$100 with which they hope to purchase hard-to-get playground equipment. A five team baseball loop will be one of the features of the recreational calendar during the summer months.

The annual outing of the Women's Union of the West Parish church will be held at Salem Wil- lows. Mrs. Arthur Lewis is chairman of the committee.

Pigeons owned by Arthur K. Jenkins of Ballardvale road were among those used in a unique industrial survey. Members of the Wakefield Racing Pigeon club took birds to various sections of New England. Information pertaining to employment, production, etc. of various plants was obtained, attached to the pigeons and the birds took off to their home lofts. The information was telephoned to a center in Stoneham where it was correlated.

first time in eleven years for painting, it was found that some expert marksman had put a rifle bullet through the thin arm supporting the vane. The accuracy amazed police and workmen.

Police Chief Frank M. Smith announced that the traffic lights at Main and Chestnut streets had been readjusted because of complaints from motorists. Many travelling on Chestnut street said they had the red light for only ten seconds, while those on Main street were allowed a full minute.

Andover's selectmen joined in a protest over the delay of reconstruction of Route 28 from Andover Academy to Reading. The town expended \$8000 for new hydrant installations in anticipation the road would be constructed as planned. State house hearing is scheduled to air reasons for the delay.

10 Years Ago — July 1946

A \$35,000 sewer extension project, voted at the annual town meeting, has been held up by the state department of corporations and taxation. The state bureau pointed out to the selectmen that the town voted to borrow the money on a five year note. Towns in the Commonwealth are required to do such work on a 'pay as you go' basis. The decision did not work much hardship, however, as materials for the sewer extensions are hard to obtain because of wartime shortages. Progressing according to schedule is an extensive \$135,000 program of water extensions, including installation of new 12 and 16 inch mains. This project is being aided by the post-war rehabilitation fund and will insure greater pressure in several areas of the town.

A fifth playground, West Center, was added to the town's recreational areas as the outdoor season opened. Residents of West Parish raised more than \$100 with which they hope to purchase hard-to-get playground equipment. A five team baseball loop will be one of the features of the recreational calendar during the summer months.

The annual outing of the Women's Union of the West Parish church will be held at Salem Wilfords. Mrs. Arthur Lewis is chairman of the committee.

Pigeons owned by Arthur K. Jenkins of Ballardvale road were among those used in a unique industrial survey. Members of the Wakefield Racing Pigeon club took birds to various sections of New England. Information pertaining to employment, production, etc. of various plants was obtained, attached to the pigeons and the birds took off to their home lofts. The information was telephoned to a center in Stoneham where it was correlated.

Final Report On Water
System Survey Is Due

A final report on the survey of the high service water system being conducted by the firm of Camp Dresser and McKee as a preliminary to the construction of two additional reservoirs in the town is expected in about a week, according to advices received by the Board of Public Works.

The request for additional time in which to complete the survey accompanied a progress report delivered to the BPW at the last meeting. The communication was as follows:

"We had planned to submit to you by this date our completed report on the engineering investigation of the existing high-service system and the proposed new high service system to serve the area west of Lowell street.

"Our studies have been completed insofar as new mains are concerned, and the proposed long-range program of reinforcements and extensions is shown on the attached map.

"We have not yet completed our study of pumping equipment because detailed studies indicated the desirability of studying the main pumping station at Haggetts Pond as a whole rather than merely the new equipment for the proposed high service area. As you know we plan to recommend replacements of the two existing steam-turbine driven pumps at the Haggetts Pond station with new electric motor-driven pumps which will be capable of pumping either to the new high service system or into the present low service system during emergency periods. A diesel engine generator will provide power during periods of power outage.

"Our studies to date have indicated that another large pump and possibly additional auxiliary power will eventually be required in the Haggetts Pond station for serving the low-service system. Therefore we are making preliminary layouts for these facilities so that equipment installed now for the new high service system will work into a long-range plan

for overall improvements to the main pumping station. We would like about two weeks more to complete our report."

Service Academy
Exam At Lowell

Andover youths between the ages of 17 and 22 who have a desire to enter the United States Naval Academy at Annapolis, Md., or the United States Military Academy at West Point, N.Y., have been invited to take a preliminary examination at the Lowell postoffice on Monday, July 9 at 9 a.m. which has been arranged by Congressman Edith Nourse Rogers of the Fifth Massachusetts District which includes Andover.

Mrs. Rogers has been notified that she is entitled to designate three candidates and nine alternates to the Naval Academy and one candidate and three alternates to the Military Academy, those selected to begin their studies in the summer of 1956.

In order to determine the mental fitness of those who may wish to become candidates, the congressman asked the civil service commission to conduct Monday's examination. She will be provided

with the results and from this will designate those youths who will take the actual examinations for the two service academies.

In an announcement dated July 2 from her office at 15 Kearney sq., Lowell, Mrs. Rogers issued an invitation to eligible youths to contact her for permission to take the examination. Those who apply must have been 17 and not more than 22 years of age on July 1, 1956 and must have resided in the Fifth District for at least ten years. They should contact her at once if they wish to apply.

The Lowell Congressman has provided the following additional information on the subject;

This examination consists of three booklets: 1, Vocabulary and Reading. Figures from flat Drawings. 2, Ability to recognize 3-Dimensional. 3, Algebra.

About 3½ hours will be required for the examination.

Mrs. Mabel Longe has returned to her home, Ballardvale rd. after

spending a week in Maine with her son, J. Kendall Longe, Jr.

They're always working for . . . or against you. A man with no savings, no nest egg, finds the clock working steadily against him — remorselessly shortening the time left for him to make himself financially secure.

But the man who is saving money finds the clock working just as steadily for him. Because, with every tick, the money he has saved earns more money. Each day that passes finds him closer to financial independence and security.

Camp Maude Eaton in Full Program

Camp Maude Eaton, the Girl Scout establishment at Pomp's pond, is now operating according to the full summer schedule. Every Girl Scout troop in Andover is represented either at Camp Maude Eaton, the boarding division, or at Camp Merrymeeting, the day camp.

The summer season got underway July 1. Each group of girls will spend two weeks at the camp. Troop 59 of Ballardvale has the largest number of members listed for summer fun, there being eight girls eligible, three to Camp Maude Eaton and five to day camp. Troop 61 is next, with two boarders and five day campers.

Staff members from Andover include Mrs. Dorothy Runyan, director; Mrs. Elmer Peterson, assistant director and business manager; Miss Margaret Bascom, waterfront director; Linda Fisher and Dorothy Byrnes, assistants and Mrs. Edward Johnston, unit leader.

Andover girls who will spend time at the camp this summer include the following. The asterisk indicates the Scout won a camper-ship, while the numeral designates the troop.

BOOKWORM CLUB MEMBERSHIP GROWS DAILY

Each day new boys and girls decide to join the summer reading club known as "The Bookworms." Anyone in grades one through nine is welcome to sign up in the Young People's room. The program is in effect in the branch library as well. Those who become members will have a RFF badge and record book.

The rules are very simple: members may read any books from which they will get the most fun; or they may use graded lists, planned especially for their age group; or they may ask the librarian to help them find the books they want. There will be four special programs for members during the summer. All are cordially invited to get full information at the library.

Relief Association was the main attraction here during the mid-week observance. The fire fighters put on a big show Monday evening with a parade of fire trucks and other vehicles which passed along Main street from Shawsheen Village to the carnival area at the athletic field in the rear of the high school.

A big bon fire on the Night before the Fourth and a fireworks display were other events which attracted throngs to the center of town.

While police and motor vehicle inspectors were out in force on the streets and highways, only a

single accident of a minor nature was reported in town, while those residents who operated cars to distant points did so safely, according to all reports.
